

Problem:

You want to upgrade you linux system.

Solution:

```
apt-get -y update && apt-get -y upgrade && apt-get -y dist-upgrade &&  
apt-get -y autoclean && apt-get -y purge && apt-get -y autoremove &&  
apt-get -y remove && apt-get -y clean && apt-get -y autoremove --purge &&  
reboot
```

save it as bash script ;
