

## Components:

```
intel core i5-8305g -  
intel core i7-8706g -  
intel core i7-8705g -  
intel nuc 8 enthusiast nuc8i7hvkva -  
intel nuc kit nuc8i7hvk -  
intel nuc 8 enthusiast nuc8i7hvkva -  
intel core i7-8709g -  
intel nuc kit nuc8i7hmk -  
intel radeon rx vega m firmware *  
intel nuc 8 enthusiast nuc8i7hmkqc -
```

## Description:

Improper signature verification of RadeonTM RX Vega M Graphics driver for Windows may allow an attacker with admin privileges to launch AMDSoftwareInstaller.exe without validating the file signature potentially leading to arbitrary code execution.

## Main problems:

347 "Improper Verification of Cryptographic Signature"
