

Components:

```
jtek screen creator advance 2 0.1.1.4
jtek screen creator advance 2 *
```

Description:

Out-of-bound write vulnerability exists in Screen Creator Advance 2 Ver.0.1.1.4 Build01 and earlier due to lack of error handling process when out of specification errors are detected. Having a user of Screen Creator Advance 2 to open a specially crafted project file may lead to information disclosure and/or arbitrary code execution.

Main problems:

787 "Out-of-bounds Write"
