CVE-2025-22394 - Score: 6.7

Components:

dell display manager *

Description:

Dell Display Manager, versions prior to 2.3.2.18, contain a Time-of-check Time-of-use (TOCTOU) Race Condition vulnerability. A low privileged attacker with local access could potentially exploit this vulnerability, leading to code execution and possibly privilege escalation.

Main problems:

367 "Time-of-check Time-of-use (TOCTOU) Race Condition"
