CVE-2025-1661 – Score: 9.8

Components:

pluginus husky – products filter professional for woocommerce *

Description:

The HUSKY   Products Filter Professional for WooCommerce plugin for WordPress is vulnerable to Local File Inclusion in all versions up to, and including, 1.3.6.5 via the 'template' parameter of the woof_text_search AJAX action. This makes it possible for unauthenticated attackers to include and execute arbitrary files on the server, allowing the execution of any PHP code in those files. This can be used to bypass access controls, obtain sensitive data, or achieve code execution in cases where images and other   safe   file types can be uploaded and included.

Main problems:

22 "Improper Limitation of a Pathname to a Restricted Directory ('Path Traversal')"
