CVE-2023-27748 - Score: 9.8

Components:

    blackvue dr750-2ch lte firmware 1.012 2022.10.26
    blackvue dr750-2ch lte -

Description:

    BlackVue DR750-2CH LTE v.1.012_2022.10.26 does not employ
        authenticity check for uploaded firmware. This can allow
        attackers to upload crafted firmware which contains backdoors
        and enables arbitrary code execution.

Main problems:
