CVE-2023-5601 - Score: 9.8

Components:

atomicwebstrategy woocommerce ninja forms product add-ons *

Description:

The WooCommerce Ninja Forms Product Add-ons WordPress plugin before 1.7.1 does not validate the file to be uploaded, allowing any unauthenticated users to upload arbitrary files to the server, leading to RCE.

Main problems:

434 "Unrestricted Upload of File with Dangerous Type"
